HOW RESILIENT IS YOUR COASTAL COMMUNITY?

A GUIDE FOR EVALUATING COASTAL COMMUNITY RESILIENCE TO TSUNAMIS AND OTHER HAZARDS

OCTOBER 2007

This publication was produced for review by the United States Agency for International Development. It was prepared by the US Indian Ocean Tsunami Warning System Program.

Acknowledgements

This guide was prepared as a collaborative effort between members of the US Indian Ocean Tsunami Warning System (US IOTWS) Program including the National Oceanic and Atmospheric Administration (NOAA), IRG-Tetra Tech, Asian Disaster Preparedness Center (ADPC), the University of Rhode Island, Coastal Resources Center (CRC), and partner agencies and organizations throughout the Indian Ocean region. Principal authors include Catherine Courtney (IRG-Tetra Tech) Russell Jackson (NOAA), Adam Stein (NOAA), Alan White (The Nature Conservancy), Ajurnaperrnal Subbiah (ADPC), Atiq Ahmed (ADPC), Pam Rubinoff (CRC), Glen Ricci (CRC), and David McKinnie (NOAA).

We wish to thank the many agencies and organizations that have contributed to the development of this Guide including:

India

State Relief Commission, Government of Tamil Nadu
UNDP - India Office, United Nations Development Program

Indonesia

Acronyms . . . . . **vii**

Chapter1
Introduction to the Coastal Community Resilience Guide **1-1**
What Is the Purpose of this Guide? 1-1
How Was the Guide Developed? 1-1
Who Is the Audience? 1-2
How Is this Guide Intended to Be Used? 1-3
What Is in this Guide? 1-4

Chapter 2
Why Are Communities at Risk from Coastal Hazards? **2-1**
Risks from Coastal Hazards 2-1
Community Vulnerability to Coastal Hazards 2-7

Chapter 3
Why Is Resilience Critical to Coastal Communities? **3-1**
Characteristics of Resilient Coastal Communities 3-1
Resilience Elements and Benchmarks 3-3
Resilience at National and Local Levels 3-6
Need for Conducting an Assessment of Coastal Community Resilience 3-9

Chapter 4
What Are the Steps to Assess Coastal Community Resilience? **4-1**
Define the Purpose, Scope, and Participants of the Assessment 4-2
Review CCR Benchmarks 4-4
Prepare for the Assessment 4-8
Collect Information and Data 4-10
Conducting Interviews 4-11
National and Subnational Level Interviews 4-12
Community-Level Interviews 4-12
Focus Group Discussions 4-13
Participatory Mapping 4-14
Compile and Analyze Data 4-16
Validate and Communicate Results 4-19

Chapter 5
How Can Resilience Initiatives Be Sustained Over the Long Term? 5-1
Develop Action Plans to Enhance Resilience and Address Gaps. 5-1
Adapt Plans and Programs to Enhance Resilience 5-2
Conduct Public Education Outreach to Improve Awareness 5-3
Document, Evaluate, and Share Resilience Good Practices 5-3

Chapter 6
Reference Guide to Resilience Elements and Benchmarks 6-1
Governance 6-3
What Is Governance? 6-3
Why Is Governance an Essential Element of CCR? 6-3
How Does Governance Relate to the Other Elements of CCR? 6-5
Benchmarks for Resilience in Governance 6-6
Society and Economy 6-10
What Is Society and Economy? 6-10
Why Are Society and Economy an Essential Element to CCR? 6-10
How Does Society and Economy Relate to the Other Elements of CCR? 6-13
Benchmarks for Resilience in Society and Economy 6-15
Coastal Resource Management 6-19
What Is Coastal Resource Management? 6-19
Why Is Coastal Resource Management an Essential Element of CCR? 6-19
How Does CRM Relate to the Other Elements of CCR? 6-22
Benchmarks for Resilience in Coastal Resource Management 6-24
Land Use and Structural Design 6-28
What Is Land Use and Structural Design? 6-28
Why Is Land Use and Structural Design an Essential Element of CCR? 6-28
What Are Examples of Good Land Use and Structural Design Practices? 6-29
How Does Land Use and Structural Design Relate to the Other Elements of CCR? 6-31
Benchmarks for Resilience in Land Use and Structural Design 6-33
Risk Knowledge 6-37
What Is Risk Knowledge? 6-37
Why Is Risk Knowledge an Essential Element of CCR? 6-37
How Does Risk Knowledge Relate to the Other Elements of CCR? 6-39
Benchmarks for Resilience in Risk Knowledge 6-41
Warning and Evacuation 6-45
What Is Warning and Evacuation? 6-45
Why Is Warning and Evacuation an Essential Element of CCR? 6-46

How Does Warning and Evacuation Relate to the Other Elements of CCR? 6-47
Benchmarks for Resilience in Warning and Evacuation 6-49

Emergency Response 6-53
What Is Emergency Response? 6-53
Why Is Emergency Response an Essential Element of CCR? 6-53
How Does Emergency Response Relate to Other Elements of CCR? 6-55
Benchmarks for Resilience in Emergency Response 6-56

Disaster Recovery 6-60
What Is Disaster Recovery? 6-60
Why Is Disaster Recovery an Essential Element of CCR? 6-61
How Does Disaster Recovery Relate to Other Elements of CCR? 6-62
Benchmarks for Resilience in Disaster Recovery 6-63

Appendix A: CCR Assessment Worksheets A-1

Appendix B: References and Resources B-1

Appendix C: CCR Assessment Training Course Session Guide C-1
